Volume XXX, No. 4 (2012)

All Rights Reserved

The Index to the ROS Quarterly has been published by the Reed organ Society for the enlightenment of its members and others, with the hope that their visits through the back issues of the Quarterly (formerly the Bulletin) will be more enjoyable and productive.

The publication of this Index was made possible through the use of a program and database provided by ROS member Joop Rodenburg of Ede, The Netherlands, who retains rights to the distribution of said program and database. The Reed Organ Society is grateful for this contribution to the ongoing work of the Society.

This Index you have here is only available as downloadable file on the website of the Reed Organ Society, <http://www.reedsoc.org>. It lists the information found in the ROS Quarterlies that have been published until 2012.

A previous version of the Index is available from the ROS Publications Office. It has been split into two parts, Volume 1, covering the period 1983 – 2005, and Volume 2, covering 2006 – 2010. Both Indexes are available from the ROS Publications Office. For instructions to order these and other ROS printed publications, see page 3.

Publications

Back issues of the ROS Quarterly (formerly the ROS Bulletin) and other publications are available through the ROS Publications Secretary. Please send all requests for extra copies, back issues, books and reprints with payment to:
